

Helpful things to know about when it comes to your room....

- 1. Electricity:** To activate the electricity in your room, please **insert one of your ROOM KEYS** into the slot on the wall located just inside your bedroom door.
- 2. Your TV:** On your bedroom TV, please turn to **CHANNEL ONE** for hotel information and any food &/or beverage specials that may be running during the course of your stay.
- 3. Heating:** In an effort to reduce our hotels **carbon footprint**, we have our heating system pre-set on **timed activation**. If the temperature in your room is not to your liking, please dial 'o' and let our Reception Team know.
- 4. Windows:** Should you wish to **open your bedroom window** during your stay, just press the button on the window handle down while turning it at the same time.
- 5. Bedroom Fan:** There is an **electric fan** supplied in all of our bedrooms – this can be located in the wardrobe.
- 6. Hairdryer:** There is a hairdryer supplied in every bedroom. This can be located **in drawer under the desk**. To use you must **press and hold** the button down while operating the hairdryer.
- 7. Security:** Each of our bedrooms are supplied with a **bedroom safe** to store any valuables you may wish to leave in the room while you are out. This safe is located at the bottom of the **inside of your wardrobe**. To operate, please **follow instructions** on safe.
